Together with our faithful donors, we have participated in the fulfillment of prophecy by helping over 760,000 Jews make aliya (immigrate to Israel) since 1983. Together, we have lived out Isaiah 58 by serving over 2 million poor and vulnerable Jewish children, families, and Holocaust survivors each year. Together, we have chosen to stand for Israel by contribution to the peace and safety of Jewish people around the world every year.

On the following pages, you will find creative ways you can do even more to bless Israel and help The Fellowship in this life-saving work:

- You can support The Fellowship through plans that first allow you to provide financial security for yourself and your family.
- You will learn about gifts that “give back” for a time and provide extra income during retirement, or to support loved ones.
- You can designate your gift in honor or in memory of a loved one, family member, or friend.
- You will see how to save money on income, gift, and estate taxes, and redirect those amounts for use in ways you choose.

We trust the information provided is beneficial to you and will help you discover ways to enhance your support while also protecting your own financial needs. Thank you for your generosity and for partnering with us in answering the call for those in need.
